Anthropology is an appropriate first or second major. The Anthropology minor is appropriate for all other majors and especially for Sociology, Criminal Justice, Social Work, and Education students. It also pairs well with Pre-law and Pre-health student curricula.

The Forensic Anthropology minor and the Indigenous Studies minor are appropriate for Anthropology and all other majors. Forensic Anthropology pairs well with Criminal Justice and Forensic Chemistry. The Indigenous Studies minor pairs well with all Education majors, Sociology, Social Work, Criminal Justice, and Africana Studies.
